

We're very happy to inform you that your Disney reservation includes Memory Maker!

Memory Maker is a Disney PhotoPass® Service product that includes unlimited digital downloads of your Walt Disney World® vacation memories.

- All your *Disney PhotoPass* photos captured during your visit, including Character Experiences
- Photos from select attraction and dining locations
- Magical extras like Magic Shots and Animated Magic Shots

To link your Memory Maker entitlement, follow these 3 easy steps:

1. In the My Disney Experience app, select "My Tickets."
2. Select the "+" sign located on the top right corner and choose "Link Tickets & Passes."
3. Enter the 12-character ID located on the back of the Memory Maker card you received.

Once your Memory Maker entitlement has been linked to your account, you are ready to view and download your memories of all the magic at *Walt Disney World* Resort! Just link any *Disney PhotoPass* cards, Park Tickets and/or MagicBands you used during your visit, choose any photo in your account, and select "Activate." This will activate your Memory Maker entitlement and remove all watermarks from your photos and other digital content.

You may also link, view and download your photos at [MyDisneyPhotoPass.com](https://mydisneyphotopass.com). **Please note that your photos and other digital content will expire 45 days from the date of capture.**
