

UPDATE: DRIVER'S LICENSES

Hello to our wonderful WGO partners!

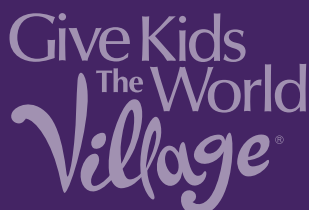

We would like to make you aware of new policies affecting federally restricted driver's licenses from Connecticut and Delaware which are prohibited from driving in the state of Florida. Individuals with driver's licenses from these two states which include the restrictions outlined below will not be able to rent a car. Driver's licenses from these two states without the below restrictions will not be affected, and normal car rental procedures should be followed.

As it is the responsibility of the WGO to ensure that the proper driver's license is being utilized for families who need to pick up a rental car, please make sure that wish families from Connecticut and Delaware confirm with you that they have the proper licenses before initiating travel.

If you have any questions about the restrictions below, please visit Visiting Florida Frequently Asked Questions - Florida Department of Highway Safety and Motor Vehicles (flhsmv.gov).
